Set against the backdrop of the Boxer Rebellion in China, *Boxers Boxers Saints* is a graphic novel that explores the complex intersection of religion, violence, and love. It tells the story of two young women from different worlds who find themselves drawn together by their shared experiences.

One of the main characters, Little Grass, is a young Chinese girl who is forced to flee her village after it is attacked by Boxers. She ends up in a Catholic mission, where she meets another young woman named Marie. Marie is a French missionary who has come to China to spread the word of Christianity.

Despite their different backgrounds, Little Grass and Marie form a close bond. They find solace in each other's company, and they learn to see the world through each other's eyes. However, their relationship is put to the test when the Boxers attack the mission.

The Boxers were a Chinese secret society that was opposed to foreign influence in China. They believed that the only way to save China was to expel all foreigners and their Christian converts. In 1900, the Boxers began a wave of violence against foreigners and Chinese Christians that resulted in the deaths of thousands of people.

The attack on the mission forces Little Grass and Marie to confront the violence that is taking place around them. They must decide whether to fight back or to turn the other cheek. Their decision will have a profound impact on the rest of their lives.
