

The Strait of Juan de Fuca to the Strait of Georgia: A Historical and Geographical Guide to Drayton Harbor

Drayton Harbor is a small but significant body of water located in the Strait of Juan de Fuca, Washington, USA. The harbor is named after Captain George Vancouver, who explored the area in 1792. Drayton Harbor is a popular destination for boaters, kayakers, and fishermen. It is also home to a variety of marine life, including salmon, crab, and seals.

History

The Strait of Juan de Fuca was first explored by European explorers in the 16th century. In 1792, Captain George Vancouver explored the area and named Drayton Harbor after his friend and fellow explorer, Lieutenant Richard Drayton. In the 19th century, Drayton Harbor was used as a shipping port for lumber and other goods. In the 20th century, the harbor became a popular destination for recreation and tourism.
